## Applying for Exam

**Q.** Should I complete this course and enter the 35 hours to even fill my PMP application?

**A.** This course is a PMI REP and you will have earned 35 contact hours for your PMP application after you complete the course. Contact hours include all elements of the course: assignments and activities.

**Q.** What are the details I need for the application?

**A.** Provider: Instructing.com, LLC PMI REP #4082

PMP Exam Prep Seminar; Activity ID 109EPSWB

**Q.** For PDUs, what's the breakdown of the hours?

**A.** Activity ID: 109EPSWB

25 hours technical

5 hours leadership

5 hours strategic

**Q.** Can we leave initiating blank while filling up experience in the project for project management hours?

**A.** The key here is that you should convince the PMI that you have experience in all five process groups across all your project management experience submitted on the application. However, on a single project, you do not need to have experience in all five process groups.

**Q.** I have a Bachelor's degree, but not in information technology.  I also have an Associate's degree.  Which path am I required to take for project time and hours?

**A.** The major in the bachelor degree may not necessarily be of a particular focus. As long as you have the global equivalent of a four-year bachelor degree you qualify for the second path which requires 4500 hours of management experience and 35 contact hours of formal education.

**Q.** Will you review my PMP application?

**A.** No. I'm sorry, but with thousands of people in my courses, my writing projects, and consulting assignments, I can't review applications.

## Common PMP Content Questions

**Q.** I have observed that many people have bookmarked the ITTOs. Just wanted to know how important are these ITTO's exam point of view?

**A.** I wouldn't memorize the ITTOs, but be very familiar with them to understand the processes.

**Q.** At which stage does a typical project have its maximum and minimum cost?(Initial stage, middle stage, final stage etc.?

**A.** The resources and cost usage is maximum in the middle stage and minimum in the initiation stage.
